

Friends of Dronfield Station
President: Natascha Engel MP

Application for Membership

This is part of Northern Rail’s Station Adoption Scheme. Friends of Dronfield Station will be to work in partnership with Northern Rail, community groups such as Dronfield Civic Society and the Dronfield in Bloom Committee, youth organisations, schools and the Town Council to enhance the station and surrounding area.

We want to improve appearance, cleanliness, maintenance and user-friendliness, the provision of local travel information, and to promote rail travel to and from Dronfield. We will work with Derbyshire County Council to improve bus links from the station and take full advantage of interchange opportunities.

As a Friend of Dronfield Station, you will receive:

- quarterly newsletter keeping you up-to-date with progress, service improvements, and information about travel opportunities from Dronfield
- action to secure continuing improvements to services
- improvements to the appearance and facilities at Dronfield station and mini-interchange
- ‘gateway’ station and services of which a town of 25,000 people can be justly proud.
